## Feedback Survey 2024-25

The Student Satisfaction Survey (SSS) for the academic session 2024–25 aims to collect valuable feedback from students regarding the teaching–learning process, academic environment, and overall campus experience. The survey provides an opportunity for students to express their views on curriculum delivery, faculty support, availability of learning resources, and other essential aspects of their academic journey. The responses will help the college identify strengths, address areas of improvement, and enhance the quality of education and student services. All students are encouraged to participate honestly and responsibly, as their feedback plays an important role in institutional development. The SSS of session 24-25 is attached with the pdf file given below:
